January 25, 2019

Dear parents/guardians, students,

The academic advising process for the 2019-2020 school year is underway. Ultimately, the goal is to have students select appropriate course requests for next year. Course requests should be based on the student’s ability, past record of academic achievement, interest in the subject, career goal(s), and teacher recommendations. During the teacher recommendation window, teachers will discuss options for next year’s courses with students. These recommendations will then be recorded in Parent Portal from Jan. 1 – Jan. 18. Due to recent snow cancellations, the parents/guardians and students will be able to view teacher recommendations and submit their own course requests during Jan. 19 – Feb. 1. In February or March, students will meet one-on-one with their school counselor to select their official course requests during their HPE class for current 9th and 10th graders, and social studies class for current 11th graders. A more detailed academic advising schedule is currently being developed and will be posted on the SJ website soon.

Sincerely,

Dr. Nichols
Principal

Sincerely,

Jason D. Supon
Director of School Counseling
